ISD 917 BOARD NOTES

December 1, 2020

Regular Board Meeting

ISD 917 Employee of the Fall Quarter Kearston Lazaretti

Kearston is a huge support for the student in the TEA classroom for 1st graders. She goes above and beyond her duties as a para. She helps prepare lesson plans, helps set up/create and put into action all supports for our (i.e. visual schedules, first then boards, I need boards, etc.), and does an amazing job implementing the students behavioral plans. She picks up on the students needs extremely quickly and models for other paras how to implement the behavioral plans for the students. Her care and love for the students is something to be admired by all. She truly takes the time to know the students and figure out ways we can help the student's succeed. She is always helping to come up with new plans and supports that make our students successful. Along with these things she is an extremely reliable staff and always lends a helping hand whenever needed. Kearston has an amazing work ethic and is an extremely hard worker. She is quick to step in and fill my role if I am out for the day, or am in a meeting. She helps model Nurtured Heart and behavioral plans for the other staff, she fills in for staff when needed, and she has a great attitude no matter the situation. With her busy life of four kids at home, two with special needs, she still takes home work at times to assure everyone is prepared for students.

ISD 917 Teacher of the Fall Quarter Hannah Radant

Hannah is an amazing teacher who works so hard for all of her students. She is always helping out and sharing her resources with staff; she is extremely resourceful and a technology whiz. She gives her students so many creative opportunities to try new things and be successful. Hannah also helps out with the student news and is awesome at making music videos to share with the students. She is amazing!
